**HOUSING OPPORTUNITIES**

## 4541 Huntington Ave.

**01 EMPTY HOUSE**  
Dedicated up for 5 years prior to HONK's acquisition, 4541 Huntington had fire damage upstairs as well as water damage & rot downstairs. The magnitude of the renovation was clear from the beginning.

**02 REPAIR TO REHAB**  
Because of missing and rotten floor joists, HONK had to rebuild the entire kitchen floor and one exterior foundation wall before rehab could begin. Weeks of problem solving and "creative carpentry" went into making 4541 a safe home to work in.

**03 OLD WITH NEW**  
HONK preserved some original character by salvaging and restoring several unique features of 4541, including the handrail, newel post, front door, fireplace and some trim.
